He is survived by his wife, who before her marriage was a Miss Emma Laird, daughter of the late Rev. Moses F. Laird, at one time a minister of the gospel at North Middletown. He also leaves three sons.

McCreary Wins in State Primary

Unofficial returns from the State-wide Democratic primary held Saturday indicate the nomination of James B. McCreary for Governor by a majority of 30,000. Garnett has won over O. H. Pollard for Attorney General by about the same figures. Hamlett, for Superintendent of Public Instruction, will have about 25,000 plurality over Littrell and Eubank; J. W. Newman made a runaway race for Commissioner of Agriculture, his plurality probably being larger than that of McCreary for Governor. R. L. Greene's majority over J. Morgan Chinn for Clerk of the Court of Appeals will be about 15,000.

Returns from twenty-five counties are missing. Two races are still in doubt. The races for Lieutenant Governor and State Auditor are close contests. From returns received in the Lieutenant Governor's race James P. Edwards leads E. J. McDermott by a small vote. These same returns show Ruby Laffoon leading Henry M. Bosworth 3,711 votes. Meager reports from some of the missing counties indicate that McDermott may overcome Edwards' lead.

The election in Bourbon passed off quietly with little interest being manifested in any of the races and not more than half of the total Democratic strength in the county.

The vote is as follows: For Senator, Paynter 58, James 851; for Governor, McCreary 811, Addams 294; for Lieutenant Governor, McDermott 654, Edwards 162, Stuart 189; for Auditor, Laffoon 437, Bosworth 592; for Superintendent of Public Instruction, Hamlett 212, Littrell 366, Eubank 368; for Commissioner of Agriculture, Newman 529, Wyatt 151, Hill 278; for Clerk of Court of Appeals, Greene 602, Chinn 338; for Attorney General, Garnett 481, Howard 473; for Secretary of State, Creel 816; for State Treasurer, Thos. S. Rhea 781.

In the two North Middletown precincts a total of 129 ballots were cast, only two of which were voted for Addams.

Six precincts in the city of Paris gave McCreary a majority of 132 over Addams. Most of the opposition to the Madison candidate was centered in this city, but Addams failed to carry a single precinct in the city and in only one precinct in the entire county did he receive a majority of votes.

The county of Madison, McCreary's home, rolled up a majority of 2,528 for its favorite son. Addams received only 34.

Tenement House Burned.

Saturday a tenement house and barn on the farm of David Crombie, near Ruddies Mills were destroyed by fire. The house was occupied by the family of Alonzo Klump, and they saved very little of their household furniture, as the roof was read to fall in before the flames were discovered. It is supposed that the fire originated from a defective flue.

The barn, which was comparatively new, was situated about 200 yards from the house, and caught fire from flying sparks. It was entirely destroyed, together with the contents, two buggies, a binder and some feed. The total loss is about \$1,500, with no insurance.

Fine Showing.

The statement of the Deposit Bank of this city appears on fourth page of this issue.

It shows the bank to be in a very flourishing condition. Their deposits show a substantial increase and they have raised their dividend rate from 3 to 4 per cent semi-annually. This bank has always been regarded as one of our most conservative institutions and this statement shows that it has lived up to that reputation.

They show a very small amount of overchecks and no discounts or bills payable. They were examined on May 22nd, 1911 by an expert State Bank Examiner from the Secretary of State's office, and the following verbatim extract from his report speaks for itself.

"The management is exceedingly good; officers well qualified; book-keeping could not be improved upon; general quality of paper good, mostly mortgages."

Showing of the Agricultural Bank.

The Agricultural Bank is one of the most conservative banking institutions in the State and has been examined by the State Expert Examiner sent from the office of Mr. Ben L. Bruner, Secretary of State and they said after the examination that it was the cleanest and best bank—the bookkeeping could not be improved upon—that they had examined out of one hundred and sixty. The gross earnings for the past six months was \$11,612.66 and we paid a five per cent dividend to the stockholders, which we had been doing for years. If we had added our earnings to the surplus instead of paying dividends our surplus would have been more than three times our capital stock and if we paid what the average bank paid our surplus would have been \$120,000 more than it is. We have paid in the last twenty-six years from 25 to 33 per cent more in dividends than the average bank.
